**TOWNSHIP MANAGER’S REPORT – Jeff Seagraves**

Jeff reported the proposed budgets have been advertised and are available for public review per state requirements.

We held a kickoff meeting on November 14, 2023, for the PROS committee. Wayne Grafton facilitated the meeting. Most participants were in person, the three that were unable to attend in person attended virtually.

Offices will be closed on Thursday and Friday 11-23 and 24 in observance of the Thanksgiving Holiday. Holiday Express tickets go on sale on Saturday morning 11-18-23 from 10am-12pm. The dates for the Holiday express are Saturday 12-9-23 and 12-16-23. The Board thanked Jeff.

**TOWNSHIP ROADMASTER’S REPORT – Art Risley**

The Roadmaster’s Report was submitted and is attached. Art reported on the Station Road Bridge closure. Mike Mattson asked how far along is the plan and Art said it is in its Preliminary stage. Mike also confirmed that this is a county bridge and project. The Board thanked Art.

**TOWNSHIP TREASURER’S REPORT – Peter Barsz, CPA**

The Treasurer’s Report for October was submitted and is attached. Peter read the report.

*On a motion by Sheri Perkins, seconded by Michael Mattson, and carried unanimously, the Treasurer’s Report for October 31, 2023, was accepted as presented.* Chairman Kelly called for comment. Jeff mentioned the large expenditures were donations to fire companies. The Board thanked Peter.

**TOWNSHIP SOLICITOR’S REPORT – Kenneth D. Kynett, Esq.**

The Solicitor’s Report was submitted and is attached. Ken reported that the Commonwealth Court ruled that local agencies may not add non-emergency and non-de minimis items to agendas during meetings. We have probably been within that decision in the past. The exceptions to the general prohibition that allow agency action on matters not previously listed in the meeting agenda are in cases of emergency business, or de minimis business not involving fund expenditure or entering into a contract. So, this is something we will have to keep an eye on. The Board thanked Ken.

**TOWNSHIP ENGINEER’S REPORT – Mike Ciocco, PE**

The Township Engineer’s Report is submitted and attached. Mike reported on the punch-list for Taylor Mill issued Nov 3<sup>rd</sup>, and that process will be ongoing. The Board thanked Mike.

**TOWNSHIP SEWER ENGINEER - Charles Faulkner, PE**

The Sewer Engineer’s Report was submitted and is attached. Chuck reported on PennDOT replacing the culvert on Cheyney Road and there is Township infrastructure on both sides so he will keep the board updated. Mike Mattson asked where it was located on Cheyney Road, and Chuck said about a hundred feet up from Station Road. The Board thanked Chuck.

**ADJOURN**

The meeting adjourned at 7:09pm.  
Respectfully submitted,

Geoffrey Carbutt, Township Secretary

cc: Board of Supervisors

November 8, 2023

Township Solicitor, Kenneth D. Kynett Esquire, files the following report for November 15<sup>th</sup>, 2023.

1. Pickleball Lease – Lease has been executed by Township Manager per authorization of the Board of Supervisors.
2. Subdivisions/Land Developments – 251 Glen Mills Road has submitted form of Declaration for review. Applicants for Cheyney University Parking Lot and 282-286 Dilworthtown Road have accepted their respective approval conditions in writing.
3. 368 Glen Mills Road Grading Permit - The property owner has a pending grading permit application which requires execution and recording of a Stormwater Management O&M Agreement/Declaration. Although the Declaration does not require the Township's signature, the County Recorder of Deeds is requiring Township sign off. I have suggested a Township approval sign off as to form, only, to satisfy the Recorder's Office so the Declaration can be recorded. Time will tell if this is satisfactory to the Recorder.
4. No Parking Ordinance Update – Draft ordinance has been provided to Township Administration for review, together with some suggested additional considerations such as identifying stop sign locations and maximum speed limits on Township Roads.

**ENGINEER'S REPORT**  
REGARDING WASTEWATER ISSUES  
November 15, 2023

**East Side District:**

**– PennDOT Cheyney Road Culvert Replacement**

- The Township received correspondence from PennDOT with preliminary utility plans for replacement of the existing culvert structure on Cheyney Road south of Station Road. The Township has two (2) force mains adjacent to the existing culvert including the 8-inch force main from the Creek Rd West station to the WWTP and 6-inch effluent force from the WWTP to Chester Creek. The impact of this work on these force mains is unclear at this stage. Likely a more precise location and depth of these mains within the work area will need to be determined as the project progresses.

**East/West Side Districts:**

**– Air Release Valves on Force Mains**

- We are coordinating with local contractors who have completed work for the Township previously for pricing to replace the air release valve at the on the force main at the Mill Road pump station.

**– Televising Inspection of System**

- We have compiled a preliminary list of areas/sewer mains to be inspected and will review with Township staff. In conjunction with the video inspection, individual lateral cleanout/trap assemblies within the right-of-way will also be visual examined to verify their integrity and identify any issues that could be a potential source of infiltration.

**Wastewater Treatment Plant:**

**– Electrical Controls**

- The Township received the preliminary budget estimate from E & W Equipment Company LLC for replacement of the electrical controls at the WWTP. The estimated cost is \$187,000. We have reviewed the estimate and are compiling questions regarding various aspects of the noted work. This may have some bearing on the final cost.
