

To: Resident  
From: Office of the Warden  
George W. Hill Correctional Facility  
(Delaware County Prison)  
RE: American Emergency Network

The George W. Hill Correctional Facility has instituted a new and more efficient facility emergency plan called the American Emergency Network (replacing CAN). This service provides notification of escape from the facility by telephone. AEN is able to make approximately 50,000 telephone calls per minute, providing taped messages that alert you to an escape and what procedures you should follow. We are asking that if you live within a two (2) mile radius of this facility, and would like to be notified in the event of an escape, that you provide your name, address and telephone number in the spaces below and return to:

Warden  
George W. Hill Correctional Facility
